

New Typhoon Warning from Tropical Storm Risk (TSR)

TSR (Tropical Storm Risk) has issued a typhoon warning for the North West Pacific. The Typhoon MUIFA is currently a CAT 3 and will make CAT 4 in next 12 hrs. For the very latest updates on please use link below.

NB: CAT 4 conditions are equivalent steady winds in excess of 211 km/h, 141 mph or 114 knots.

As always Norwegian Hull Club urges all operators of shipping in all Tropical Storm/Hurricane/Typhoon regions to apply the necessary precautions in protecting life and assets at sea.

It is possible to register for e-mail alerts on World Wide weather systems or specific areas at TSR home page www.tropicalstormrisk.com, where you will also find more information about Typhoon MUIFA.
